

maritime museum

Greetings!

Let's celebrate one of the largest collections of lighthouses on the Great Lakes!

The Door County Lighthouse Map is a useful tool in finding and researching Door County's remarkable maritime lights. It is also the official guide to the 24th annual Door County Lighthouse Festival.

This year's event begins Friday, June 9, and will continue through Sunday, June 11, with a wide assortment of tours, both land-based and by boat.

Many of the tours are unique to this one weekend each year so if you haven't visited Plum Island, Chamber's Island, taken our one-of-a-kind trip to Rock Island or tried an amazing schooner voyage this is your chance. The evening dessert cruises on the Chicago Fireboat have also proven to be very popular. But, as you might expect, these rare opportunities can sell out quickly.

Museum members get first crack at the tickets with sales beginning Monday, March 20. You might want to consider a museum membership to get a spot at the front of the line. The public sale gets underway on Monday, April 3. Feel free to call the Door County Maritime Museum at (920)743-5958 to order tickets or purchase them online at www.dcm.org.

As you can see from this map, the festival enjoys plenty of community support and we ask that during your stay you consider supporting the many dining, lodging and tour partners who help to make this event possible.

Don't forget to visit all three of our museum locations in Gills Rock, Sturgeon Bay and Cana Island.

We want to publicly thank artist Christopher Arndt for providing the cover artwork for this brochure. This image of Cana Island is an excellent example of Arndt's trademark photo-painting style. Learn more about Arndt and his love for capturing the beauty of Door County's back roads, quaint villages and picturesque bluff shores at www.doorcountyimages.com.

The DC Maritime Museum will again be conducting its Lighthouse Photo Contest in conjunction with the festival. Please visit our website (www.dcm.org) for information regarding the contest.

If you happen to pick up this brochure after the festival, please note that many of the same tours will be offered next year so keep it and consider participating in 2018.

The Museum also launched an abbreviated fall tour in 2015 and is in the process of organizing another for 2017. Please check the museum website at www.dcm.org for up-to-date information as it becomes available

Museum Staff & Volunteers

The Door County Maritime Museum is very grateful for the U.S. Coast Guard's assistance in making the Door County Lighthouse Festival such a success.
