

Updated: March 23, 2020

The Door County Maritime Museum is closely monitoring the COVID-19 Novel Coronavirus situation and implementing our Emergency Response Plan that outlines specific recommendations to meet the standards and recommendations made by the Centers for Disease Control (CDC).

With Governor Tony Evers asking residents to stay at home in his “Safer at Home” order, out of an abundance of caution we are closing our doors to guests.

In addition, we are significantly limiting the number of staff in the office, and cutting office hours as well. If you have a question, or business with the museum, we ask you to utilize the general museum e-mail to get us a question. That e-mail is info@dcm.org

The main number is **(920) 743-5958** if you wish to call.

Group events originally scheduled to happen in the Museum over the next few weeks are being re-scheduled or canceled. Please check with the Museum or your organization for additional details.

We are proud to be a part of this great maritime community, and we thank you for your understanding as we all move through these next few, challenging weeks.
